Press Release

Installation Title: *Diversity Has No Boundaries*

From darkness to light: “Diversity Has No Boundaries” invites visitors into an environment at once constrained and limitless. As austere objects frame a vast landscape, both the wanderer and dining guest are encouraged to consider the meaning of boundaries and inclusivity.

This installation was made possible by the generous donations from the following partners; Huntsman Architectural Group, Teknion, Studio TK, Tarkett, Alexander Wolf & Sons, Officeworks, Electric Lighting Agencies, LUUM Textiles, CFT, ArtAddiction, and DFB Sales.
