

Benjamin Moore is proud to return as a sponsor of the 22nd annual DIFFA Dining by Design event. For this year's table design, Benjamin Moore collaborated with celebrated interior designer Patrick Mele to design a dining room vignette that celebrates old-world glamour executed with contemporary verve and panache. A confectionary palette of berry, cream, gold and silver creates a sophisticated feel, in balance with exuberant trompe l'oeil details and artisanal creations throughout. Mele's design features wallpaper from the recently launched Benjamin Moore and Alpha Workshops Wallpaper Capsule Collection. The lustrous creations are hand-painted designs featuring Benjamin Moore premium paints including CENTURY, Aura and Studio Finishes.
