**Stacy Garcia Home X Crypton Home Fabric present “Two Seasons”
at DIFFA’s 22nd Annual DINING BY DESIGN Event**

New York (March 2019) – Stacy Garcia Home is collaborating with Crypton Home Fabric to design a captivating dining experience for DIFFA’s (Design Industries Foundation Fighting AIDS) DINING BY DESIGN event, March 17 - 21. Each year, internationally recognized designers, manufacturers, and luxury brands transform a 30,000 square foot space at Pier 92 into a dynamic dining environment. Stacy Garcia Home will showcase a design in which the lovely, subdued tones of winter collide with the explosion of color that is spring. Introducing a sense of whim and playfulness into the space, the drapery fabricated by and available through **Calico** is crafted using an assortment of patterns from the Stacy Garcia Home Pattern Play fabric collection for Crypton Home. Says Ms. Garcia, “The juxtaposition of palettes evokes the long, bleak but beautiful winter, symbolizing the ongoing work of DIFFA over the past two decades-plus towards HIV/AIDS prevention, education and care. It breaks into the bright hues of spring, symbolizing the recent news of not one but two patients whose HIV is considered apparently cured, surely a bright harbinger of future advances in care and treatment of this global health issue.”

With a neutral, black and white color scheme throughout most of the space, the oversized, floral sculpture by **L'Olivier Floral Atelier** takes center stage by providing a burst of color. Maximal meets minimal, as patterned fabric panels and the tablecloth are juxtaposed with sleek dinnerware by **Mottahedeh**. Contemporary onyx flatware by **Lenox** was chosen to complement the smoked glassware used throughout the tablescape. The space includes Seating by **France & Sons** and a rug by **Stay By Stacy Garcia for QVC**.

The table is open for public viewing Friday, March 22 - Saturday, March 23 from 10am - 6pm and on Sunday, March 24 from 10am - 5pm. Here, you can explore the latest in upscale interiors from more world-renowned designers and bid on high-end furnishings and exclusive experiences in DIFFA’s silent auction.

About Dining By Design

DINING BY DESIGN (DBD) is DIFFA's (Design Industries Foundation Fighting AIDS) signature fundraiser and one of the most anticipated events in the design industry. Internationally recognized designers, manufacturers, and luxury brands transform a 30,000 square foot space into a showcase of dynamic dining environments. The event combines a worthy cause and exceptional design into a 5-day event (March 17-21) that raises \$800,000 annually for HIV/AIDS prevention, education and direct care. Held at Pier 92 in NYC, this year's Dining By Design is co-located with the Architectural Digest Design Show (3/17-20) at Pier 94. Diffa.org
